WV Bureau of Senior Services offers assistance and programs for elderly West Virginians, including the following:

The Aged and Disabled Waiver (ADW) Program, a community-based program that provides care in the home. In order to qualify for this program, you must have the same needs as someone living in a nursing home. By choosing the ADW Program, you are choosing to receive services at home and community activities such as doctor appointments, grocery shopping, etc. You will be assigned a Level of Service that determines the maximum hours of service you can receive each month. Services are based on your Service Plan. Medical and financial eligibility must be redetermined every year.

The Lighthouse Program, available in each county, is funded entirely by state monies and provides support in four areas: personal care, mobility, nutrition, and housekeeping.

Jobs & Hope WV is a statewide career development program that was introduced by Governor Justice and the WV Legislature in 2019 to address the substance use crisis in our state. They are represented in all 55 counties, with 21 Transition Agents across the state. The goal of the program is to help eliminate barriers that often affect individuals with their employment and educational/training opportunities. Jobs & Hope WV's target population is those in recovery from substance use, however, the program is open to any individual that has a barrier to gainful employment. Assistance is provided through paid work experience, job training, and education. Other services include transportation assistance, child care, and dental care.
